

GREECE YIELDS SAYS REPORT FROM PARIS

IS SAID TO HAVE GIVEN ALLIES
CONTROL OF HER NAVY
AND FORTS.

DEMANDS WERE VERY STRONG

Allies Asked Control of Mails, Tele-
graph and Railroads in
Kingdom.

Paris, Oct. 12.—According to
latest reports Greece has yielded to
the demands of the entente at
lies for turning over the Greek
navy and the dismantling of
surrender of forts along the sea-
coast.

(Associated Press)

Paris, Oct. 12.—Not only has Ad-
miral Du Fornet, commander of the
allied fleet at Pireaus, demanded that
the Greek government turn over the
navy to the allies, but he has also re-
quested allied control of the mails,
telegraph and railroads in order to
render it impossible for their use to
the detriment of the allies. The ulti-
matum was timed to expire Wednes-
day afternoon.

New War Minister.

Saloniki, Oct. 12.—Gen. Zimbrati
has been appointed Minister of
War in the new Greek provisional
government, of which Venizelos is
the leading spirit.

Reach No Agreement.

Berlin, Oct. 12.—The budget com-
mittee of the Reichstag has been un-
able to reach a decision on the sub-
marine question, but voted 24 to 4
against a discussion of the subject in
open session.

Quiet at Somme.

London, Oct. 12.—The night along
the British lines in the Somme sector
was uneventful.

Pursuing Roumanians.

Berlin, Oct. 12.—Teutonic troops
are pursuing the Roumanians on the
whole eastern Transylvania front.
The second Roumanian infantry has
been driven back into the frontier po-
sitions.

Paris, Oct. 12.—The strategy of Gen-
eral Sarraill has resulted in the com-
plete isolation of the Bulgarian left
wing in Macedonia, according to of-
ficial news. The war office announces
that British troops have cut the rail-
way line between Demir-Hissar and
Seres and have occupied Prosenik,
Topalova, between the railroad and
the Struma river, also has been oc-
cupied. The Bulgarians are making
desperate efforts to stem the British
advance, according to dispatches from
the front. They have been observed at
work near Demir-Hissar constructing
powerful field fortifications. The cut-
ting of the railway is a serious blow
to them as it is the only available
supply line in the territory. There are
no other railroads and few high roads
in the wild and uncultivated district
where the fighting is going on.

London, Oct. 12.—Invasion of Rou-
mania from the Transylvania front
has begun, according to dispatches
from Berlin. The advances say that
the Bavarian troops that seized the Roth-
erbunn pass, about sixteen miles to
the south of Hermannstadt, when the
forces of King Ferdinand were de-
feated in that region some days ago,
have crossed the border into the Wal-
lachian portion of his domains.

This announcement is not officially
confirmed by the German war office.

London Newspapers Strong In Editorial Comment On Hearst's News Agency

(Associated Press)

London, Oct. 11.—The morning pa-
pers publish in a conspicuous place
the official order denying to the In-
ternational News Service further use
of the official press bureau and the
use of cables and all other facilities
for transmission of news because
its "garbling of messages and breach
of faith." The order appears under
such headings as "No British News
for Hearst," "News Made in Ameri-
ca" and "American Agency's Garb-
ling of Messages." The Daily Express
says by way of comment:

"The Daily Express repeatedly has
called attention to anti-British lies
printed in American newspapers con-
trolled by William R. Hearst—the
New York American, the Chicago Ex-
aminer, and similar journals. This

ATTEMPT TO WRECK HUGHES TRAIN TODAY

RAIL BROKEN ON CURVE AND A
PART OF IT TAKEN AWAY
—TRAIN FLAGGED.

(Associated Press)

Louis, Ky., Oct. 12.—The special
train carrying Hughes on his third
western trip was stopped by a broken
rail on the point of a curve around a
steep embankment on the Big Sandy
river as it was leaving Painsville to-
day.

Section hands discovered the break
a few minutes before the special was
due and flagged the train. The broken
part of the rail could not be found.
Train officials said it must have been
caused by a heavy blow from some
instrument.

"UNITED STATES" IS SOLD

Col. Edward Green Buys Lake Steam-
er and Takes Pleasure Trip.

Grand Rapids, Oct. 12.—Edward
Green, son of Hetty Green, has just
purchased the steamer United States
from the Crosby Transportation com-
pany of Chicago and Milwaukee at a
sum said to be about \$600,000.

The Crosby company which had re-
cently bought the boat is said to have
made several hundred thousand dol-
lars on the deal. Mr. Green, who re-
sides in New York, will use the boat
this winter on a pleasure trip to
South America.

1 Dies, 1 Hurt in Crash.

Burlington, Ia., Oct. 12.—Frank
Smith, a well known local contractor,
was killed and Mrs. Clara Tanzman
was injured when an automobile in
which they were driving, plunged
over a bank five miles north of here.

ber.

WOMEN'S MEETING IS EXPECTED TO BE GREAT

CIRCUIT COURT ROOM AT COURT
HOUSE SHOULD BE FILLED
TO CAPACITY.

PAIRINGS MADE FOR SECOND SATURDAY AFTERNOON AT 2:30

Mrs. Jeffray of Chicago Will Speak—
Leaders of State To Cut a
Big Figure.

The women of Dixon and Lee coun-
ty should interest themselves in vot-
ing. Much work has been done and
much money has been expended in
order that the women of the state
could vote.

Now that they have the right to
vote, how many appreciate it?

Next Saturday afternoon, Chair-
man H. C. Warner of the county re-
publican committee has arranged to
have a prominent woman, Mrs. Jef-
fray, of Chicago, come to address the
women of Dixon on the current issues
and to endeavor to create interest in
the campaign.

The meeting will be held in the ci-
cuit court room at the court house,
and every seat in the room should be
filled with women voters.

Let every woman attend the meet-
ing, democrats and republicans alike.
She will instruct you.

The law makes women a part of
the great voting machinery of this
state and they are expected to show
the male voters that they are interest-
ed in the political battle now being
fought.

Republican women of Dixon, you
can vote for Charles E. Hughes. If
you neglect to vote Hughes may not
carry Illinois.

The democratic women are being
well organized to try to elect Wilson,
to have the president carry this state,
a state within whose borders you are
bound to live.

Women of Dixon, think this mat-
ter over and next Saturday afternoon
fill the circuit court room and give
Mrs. Jeffray a hearty welcome and a
royal reception.

LEWIS SKINNER DIED EARLY WEDNESDAY

RESPECTED CITIZEN OF BING-
HAMPTON PASSED AWAY—
FUNERAL FRIDAY.

Lewis Skinner died at the home of
his son, O. C. Skinner, near Amboy,
on Wednesday morning. The cause of
his death was cancer, with which he
had suffered for the past year.

Mr. Skinner was 80 years of age,
and had been a resident of Illinois 50
years, coming here from New York.
The only surviving member of his
family is the son with whom Mr. Skin-
ner made his home.

Mr. Skinner was a Civil war veter-
an and a prominent member of the G.
A. R., and that body will have charge
of the funeral services, which will be
held from the Baptist church at Bing-
hampton on Friday at 2 p. m. He was
one of the most highly respected citi-
zens of Binghampton.

ROAD IS APPROVED.

County Clerk Dimick received a let-
ter today from the state highway com-
mission declaring that the resolu-
tions passed by the county board at
the meeting Sept. 23, designating the
roads for improvement have been ap-
proved by the state highway commis-
sion.

RETURNS TO WORK.

Miss Pauline Brass has resumed
her duties at the county clerk's office
after a vacation spent at the home of
Mr. and Mrs. J. P. Burke of Dubuque.
She also visited with relatives at
Rockford.

LOOKING FOR WOMAN

The Western Union has a message
for Mrs. Lotty Miller and up to press
time had been unable to locate her.
The message is very important.

Mrs. Blake Grover will return this
evening from Hubbards Woods where
she has been visiting her brother,
Frank Harned.

Mrs. Emma Brass has returned
from Rockford after a visit with her
Fred Brauer of Palmyra was here

PFEFFER AND SHORE PITCHERS

(Special to Telegraph)

Boston, Oct. 12.—The greatest and
finest in the history of baseball wit-
nessed the fifth and deciding game of
the world series here today and saw
Boston defeat Brooklyn, 4 to 1, and
again win the greatest honors.

Today, the anniversary of the dis-
covery of America by Columbus, was
a legal holiday and thousands of
workers, free of their labors for the
day, attended the game. The air was
crisp and clear.

Pfeffer and Shore opposed each
other, but Pfeffer gave way to a pinch
hitter in the seventh inning and Bet-
took up the mound burden. Score:
Boston—4 runs, 7 hits, 2 errors.
Brooklyn—1 run, 3 hits, 3 errors.

Brooklyn, Oct. 12.—With two on
bases in the second inning Larry
Gardner of Boston picked out one of
the left-handed offerings of Richard
Marquard of Brooklyn and propelled
it to the center field fence for a home
run.

And right there you have the main
cause for the cracking of the Dodgers
in the fourth game of the world's
championship baseball series and the
reason for the 6 to 2 victory for the
Red Sox.

The Dodgers started with a rush
that sent the big Brooklyn crowd in-
to a frenzy of delight. They belted
Dutch Leonard with vim and gusto
and success in the first session,
shoved across two runs and acted as
if they were going to give the Sox
one of the worst beatings ever doled
out to a Boston representative in a
world's series duel.

And then came Gardner—and the
life and the "pep" and the courage
were gone.

MAN SUICIDED WITH DYNAMITE

Miner Ended Life Because People
Poked Fun At Him.

(Associated Press)

Chisholm, Minn., Oct. 12.—Because
persons had been poking fun at him,
his friends say, owing to his resem-
blance to a character portrayed in the
comic section of a Sunday newspaper,
Charles Marila, aged 25, a miner,
committed suicide by piling up sticks
of dynamite, sitting upon them, and
touching them off.

and Clinton.

Chicago, Oct. 12.—Eddie Ricken-
backer, captain of the Maxwell racing
team and now third in the battle for
the A. A. A. championship, covers
honors outside the professional field
and yesterday announced he would
be a contender for the master driver's
medal in the Chicago-Peoria-Clinton-
Chicago reliability run to be conduct-
ed by the Chicago Automobile club
on Thursday, Friday and Saturday of
next week.

Being a member of the club he is
eligible to compete for the gold medal
donated by Barney Oldfield, mas-
ter driver of the world, through a pro-
fessional speed king. In the run Bar-
on Rick will be at the wheel of a
Pierce-Arrow owned by Wm. A. Lee of
Manning, Ia., the wealthy young
sportsman who captured the nation-
al amateur championship with a Merce-
des in the non-professional meet on the
Chicago speedway in May.

Select Controls for Run.

At a meeting of the C. A. C. con-
trolled yesterday the following con-
trols and checking stations for the
master driver's run were definitely
decided upon:

Thursday: morning checking sta-
tions, Naperville and Sandwich; noon
control, Ottawa; afternoon checking
stations, Princeton and Chillicothe;
night control, Peoria. Total distance,
181 miles.

Friday: Morning checking stations
Toulon; noon control, Cambridge; af-
ternoon checking station, Rock Is-
land; night control, Clinton. Total
distance, 146 miles.

Saturday: Morning checking sta-
tion, Dixon; noon control, Rochelle;
afternoon checking station, Geneva;
finishing control, Union Park, Chicago.
Total distance, 147 miles.

Entry blanks were sent out yester-
day and a meeting of prospective en-
trants will be held at the Chicago Au-
tomobile club room tomorrow noon,
when rules will be discussed.

DEMOCRATS TO HOLD MEETING WEDNESDAY

RALLY AT OPERA HOUSE WILL
START CAMPAIGN—PRO-
M-IVENT SPEAKERS.

A big democratic mass meeting, to
which the ladies are especially in-
vited, will be held at the Dixon op-
era house next Wednesday evening at
8 o'clock, at which time the local party
leaders expect to get their cam-
paign under full swing. The speakers
at the coming meeting will be ex-
Governor Walsh of Massachusetts
and Hon. Fred J. Kern, chairman of
the state board of administration.
Music for the evening will be furnis-
hed by the Chamber of Commerce and
Dixon Moose bands.

WILSON GREETED BY CROWDS IN INDIANA

CHIEF EXECUTIVE, EN ROUTE TO
INDIANAPOLIS, IS GIVEN
FINE RECEPTIONS.

REFUSED TO MAKE SPEECHES

(Associated Press)

On Board Wilson Special, Rich-
mond, Ind., Oct. 12.—Wilson, en
route to Indianapolis, was greeted by
cheering crowds at Dayton, O., and
Richmond. He refused to make any
speeches. Leaning over the observa-
tion platform at Dayton the president
was almost mobbed by the good na-
tured crowd, several thousand seek-
ing to shake his hands. At some times
four or five would have hold of his
hand at one time, and shouts men-
tioning the eight hour law were fre-
quent. At Richmond the train bear-
ing the president's car backed into a
crowd and several were nearly caught
under the executive's car. None were
injured.

Indianapolis, Oct. 12.—Before one of
the greatest crowds that Indianapolis
ever contained President Wilson par-
ticipated in the centennial highway
celebration here in the afternoon. The
President arrived about 11 a. m.

The President and his party, includ-
ing Mrs. Wilson, was escorted to the
Chippewal Hotel, where they were the
guests of Governor and Mrs. Ralston
at luncheon. The President went to
the reviewing stand at the south side
of the Monument at 1 o'clock in the
afternoon, thirty minutes earlier than
the committee had planned, where he
reviewed the motor parade until 2:30
o'clock. He then went to the State
Fair Grounds Coliseum to give an ad-
dress on "Good Roads." Following this
address President Wilson was taken to
Tomlinson Hall, arriving there at
4 o'clock, where he spoke on the rural
credits law enacted by congress. The
party left for Washington at 5:45
o'clock.

Washington, Oct. 12.—The pres-
ident of 19 colleges and universities,
including President James of the Uni-
versity of Illinois, and President
Hutchins of the University of Michi-
gan, have been called to a confer-
ence here Oct. 17 for discussion with
the general staff of the U. S. army
concerning military courses to be or-
ganized in those institutions which
desire to take advantage of the pro-
vision of the army reorganization
law.

tives in Walnut and Princeton.

SUBMARINE QUESTION PRACTICALLY CLEARED

OFFICIAL QUARTERS GIVE INDI-
CATIONS THAT U. S. HAS
NO COMPLAINT.

LANSING STUDYING REPORTS

Has Detailed Statements From Com-
manders of Four Sunk
Vessels.

(Associated Press)

Washington, D. C., Oct. 12.—Detail-
ed accounts from the commanders of
four vessels which were sunk off the
New England coast have been receiv-
ed by Sec. Lansing for study in con-
nection with the determination of the
policy of the United States.

To Patrol Coast.

The navy department has complet-
ed plans for a patrol of the American
territorial waters to prevent the es-
tablishment of any secret bases on
shore or communication between the
radio stations and belligerent craft.

There are signs in official quarters
that the whole submarine situation
has been practically cleared up.

Norfolk, Oct. 12.—Parts of the coast
in this region are being illuminated
with rockets sent up from British and
French warships on the Atlantic pa-
trol, warning merchant vessels that
hostile submarines may be lurking in
the vicinity.

Aeroplane also are being used by
British cruisers for convoy duty. One
British ship bound for South Ameri-
ca with cargo left port and soon after-
ward an aeroplane was seen to rise
from the deck of one of the warships
and convey her for a considerable dis-
tance.

Ask About Sussex Punishment.

Washington, Oct. 12.—A diplomatic
official stated that this government
probably will receive from Ambassa-
dor M. Gerard information whether
the German government has punished
the commander of the submarine
which destroyed the channel steamer
Sussex.

The state department some months
ago attempted to learn but not
through direct inquiries to the Ber-
lin foreign office, if Germany had kept
her promise to punish the guilty sub-
marine officer. Since that time the
department has been unable to make
any announcement.

Waits Full U-53 Reports.

Secretary of State Lansing return-
ed to Washington from his conference
with President Wilson at Shadow
Lawn. He spent an hour at the de-
partment considering the latest infor-
mation concerning the operations of
the German submarine U-53 off New-
port.

It is learned that the department
possesses no evidence warranting the
making of representations to Ger-
many.

Officials before determining upon
any new policy or any action what-
ever will study carefully the case of
every vessel destroyed by the U-53
with a view of learning if any particu-
lar of the law of nations was violated.
The navy department is awaiting a
complete report from Admiral Knight
at Newport who is expected to trans-
mit also the reports of commanders
of destroyers who witnessed some of
the submarine attacks.

The decision of the American court
in the Appam case that prizes of war
cannot be brought into American
ports indicates that German subma-
rine commanders will attempt to take
few prizes except perhaps for tenders,
in waters close to the United States.

Holland to Protest Raids of U-53.

The Hague, Oct. 12.—The Dutch
government, it is learned, on the basis
of facts already ascertained, will im-
mediately ask Germany to explain the
sinking of the Dutch steamer Bloem-
ersdijk in the Atlantic off the New
England coast last Sunday.

EDISON WEEK OCTOBER 16-21

VAST INDUSTRIES BASED ON EDISON INVENTIONS TO OBSERVE WEEK IN HONOR OF GREAT INVENTOR.

\$1,000 OPEN PRIZE CONTEST

Outgrowth of Edison's Preference for Untechnical Opinions or His Achievement in Music's Re-Creation.

More than 1,000,000 people are employed in the various industries founded by Thomas A. Edison. In the United States alone over 600,000 men and women earn their livelihood in vocations created by Edison's genius. For a number of years a group of these industries has observed October 21st, the anniversary of Mr. Edison's invention of the electric light. This year the week of October 16th-21st will be observed throughout the United States and Canada as Edison Week. The light and power companies will manifest their recognition of the fact that Mr. Edison is the founder of their industry, and thousands of other men and women who make their living by virtue of Edison's inventions will play their part in this unusual demonstration.

Among the many things planned for the celebration of Edison Week is a \$1000 Prize Contest, arranged by associates of the inventor. This contest had its origin in a remark which Mr. Edison made last spring to one of his associates.

Music is Mr. Edison's hobby. His intimates and associates are aware that of the thousand or more inventions which he has developed, the phonograph is his favorite. He has always contended that there is no reason why a phonograph could not be made which would reproduce sounds so perfectly that the mechanical reproduction would be exactly like the original music. In fact, so exactly like it as to be indistinguishable from the original. For years Mr. Edison has stated that when he got time he would develop such a phonograph. Scientists generally scoffed at this idea, and even his own laboratory assistants, with the exception of two or three who had been with Mr. Edison so long that they believe nothing is impossible, were inclined to think that the perfect phonograph was a thing that could never be.

Several years ago, having completed his work on the storage battery, Mr. Edison decided that he would try to develop a means of recording and reproducing sound which would make the reproduction indistinguishable from the original. It proved to be the longest and most costly research work ever undertaken by Mr. Edison. He spent nearly \$3,000,000 in experiments alone, and these experiments were not completed until March of this year. When the new invention, and new records were perfected, Mr. Edison said, "Now we shall find out what we have. Rent Carnegie Hall, New York City and get Madame Rappold of the Metropolitan Opera to go over there. Have her stand beside the new phonograph and sing in actual comparison with our records of her own voice. Invite the music critics and the music lovers of New York City. Get the most critical audience you can possibly get. If I have succeeded in doing what I set out to do, they won't be able to tell Madame Rappold's voice from the phonograph's reproduction of her voice."

While Mr. Edison's associates believed that he had produced a wonder of invention, they doubted whether in a place like Carnegie Hall, before an audience of critical musicians, it would sustain the acid test of a direct comparison of this kind.

The test was made on April 28th before an audience of 2,500 people, and just as Mr. Edison had prophesied, it proved impossible to distinguish Madame Rappold's voice from Edison's reproduction of it. Next day, the New York papers were enthusiastic in their praise of Edison's new invention. The New York Tribune said: "Edison has snared the soul of music." The Globe referred to it as "the phonograph with a soul." One writer stated that Edison had developed a new art—Music's Re-Creation.

Similar tests were made with other artists in Boston, Philadelphia and elsewhere, and with the same result. One of Mr. Edison's associates collected all of the newspaper reviews and found that the music critics of more than 200 newspapers had testified to the fact that Mr. Edison's so-called Re-Creation of Music could not be distinguished from the original. These newspaper reviews were neatly pasted in a scrap book and shown to the inventor. He glanced through the scrap book and then remarked: "The opinions of these ex-

perts prove that we have accomplished what we set out to accomplish, but somehow or other the opinion of a layman is always more interesting to me than the opinion of an expert. When I complete an invention I like to know what the man in the street thinks of it and how he thinks it is going to benefit him."

Mr. Edison's associates remembering this remark decided to get the opinions of non-experts and non-technical people. Without Mr. Edison's knowledge they arranged through John E. Moyer of this city, and merchants of several other cities, to place a number of these new instruments in various homes and get the untechnical opinions of typical American families.

To stimulate interest in the matter \$1,000 in prizes are offered for the best opinions. This contest occurs during Edison Week. The first prize is \$500, the second \$200, and the third \$100. Then there is a Consolation Contest with prizes aggregating \$200. It is proposed to print the prize-winning opinions in a booklet and present it to Mr. Edison as a souvenir of Edison Week. Opinions which do not win prizes, but which are nevertheless considered worthy of publication, will be purchased at 10 cents per word. No opinion is to exceed 200 words in length. Literary excellence will not be considered. Professional writers and all persons connected with the phonograph industry are barred from the competition, as it is desired to obtain only untechnical opinions.

PRINCESS THEATRE
If there is one line of pictures in which Ben Wilson excels it is stories of the great Northwest and he is at his best in the vivid production "The Broken Spur," which may be seen at the Princess tonight.

The other feature attraction is the 13th chapter of "The Secret of the Submarine," "Speeding is the title of a very laughable comedy also on today's program.

TO MOVE TO DIXON.
W. M. Rourke, who purchased the wholesale and retail tobacco business of Dauntler & Son, will move his family to Dixon tomorrow. They will occupy the Jack Forrest house on Ottawa avenue.

"PAT" WHALEN IS HERE
"Pat" Whalen of Billings, Mont., is here for a week's visit with relatives and friends. Mr. Whalen is deeply in love with the northwest and says everything is in splendid condition. Mr. Whalen owns a 160 acre farm.

NEW MOOSE MEMBERS.
Last night 27 new members were taken into the Moose lodge. The attendance was large and the degree work was exemplified in a beautiful and impressive manner. Following the regular business meeting a splendid luncheon was served by the ladies of the Loyal Moose Circle.

TEUTONS DRIVE INTO ROUMANIA

Berlin Reports That Line Opposing Teutons Gives Way—Admits Resistance at Points Stiffens—British Win Two More Towns in Macedonia. Serbs Take Heights.

(Continued from page 1)

In fact, it is almost specifically contradicted by Bucharest.

The Rumanian capital admits, though, that fighting for the possession of the frontier is in progress. It claims to have repulsed the Teutonic army commanded by General von Falkenhayn at the heights east and west of the Caimeni and that the Rumanian soldiers are holding the positions north of Predeal, that is to say the route from Kronstadt into Rumania. Also success is claimed on the ridge east of Jial valley.

Admits Falling Back.
However, Bucharest confesses that the Rumanians have been forced back in their center and right, the troops retiring toward the right bank of the Maros and on the left bank of the Alt, where, according to Berlin, King Ferdinand's army has met with defeat.

South of Hermannstadt, the official Bucharest statement says, Rumanian forces have repulsed attacks with heavy losses. This is in the region of the Roterbun pass and tends to discount inspired but unofficial reports from Berlin that the Bavarian troops have secured a foothold on Rumanian territory.

British Occupy Two More Towns.
London, Oct. 12.—British troops have occupied two more towns to the east of the River Struma, in Greek Macedonia. It was announced in an official statement. They were Papalova and Prosenik, the latter town seven miles south of Demir-Hissar. British mounted troops have reached a point two miles south of Seres.

Serbian troops are engaged in a fierce battle with the Bulgars for possession of Chuka height, absolutely dominating the important town of Monastir. An Athens dispatch reported that the Serbs captured the village of Schochivir and then pressed on and attacked the height. Capture of this strong position will be followed by the fall of Monastir, Athens reported.

British Drive Bulgars Back.
On the allied right wing the British are steadily driving the Bulgars back upon the Demir-Hissar-Seres railway, the objective of the present British advance. Eight villages have been captured since British forces took the offensive, and a comparatively large number of prisoners have been brought in.

In Transylvania re-enforcements are stiffening the resistance of the Rumanians, the Berlin dispatches claimed further advances for the Teutons.

The fighting in Dobrudja has reached a deadlock.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If cross, feverish, sick, bilious, give fruit laxative at once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue. Mother, if coated, give a teaspoonful of this harmless "Fruit Laxative" and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, sore throat, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50 cent bottle of "California Syrup of Figs" which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by California Fig Syrup Company.

COAL COMPANY BANKRUPT

Marion, Ill., Concerns Declares Itself Unable to Find Market.

Danville, Ill., Oct. 12.—The Big Muddy Coal and Coke Company of Marion, Ill., through its directors, has filed a voluntary petition in bankruptcy in the United States district court placing the liabilities at \$169,575, and the assets at \$123,000.

Inability to obtain a market for all of their product, due to ruinous competition, is the ascribed cause of the collapse. There has been no coal mined here for a year. Referee Grant has called a creditors' meeting for October 19 at Salem.

ILLINOIS BEHIND OTHER STATES

Just Systems for Taxation of Intangibles Elsewhere Relieve Much of the Tax Burdens Now Borne in Illinois.

CONSTITUTION OBSTRUCTS

Pending Tax Amendment When Adopted Will Make It Possible to Put Illinois Abreast of Other States in Modern Tax Methods—Must Have a Majority Vote.

While Illinois has remained tied to an impossible system of taxation, other states have devised new systems especially for deriving revenues from accumulated wealth, and not only have other states outstripped Illinois in improved taxation methods, but it is also a fact that nowhere in Europe is the old-time uniform tax system attempted to be applied to taxation of intangible values.

In New York state the closest attention has been given to the revenue-producing and equitable phases of taxation.

Since 1880 the policy towards the taxation of personal property has been to classify such property and to impose a special tax upon each separate class. In 1913, as a result of the classified system, the proportion of tax burden paid by real estate showed a reduction from 87 per cent to 65 per cent. In Illinois the tax proportion of real estate is slowly but surely increasing. In New York in the last year—1906—when effort was made to assess mortgages on the same basis as real estate—the present Illinois system—less than a million dollars of revenue was derived from the tax. At the present time, under the new system, about \$4,000,000 are collected.

Classification in Pennsylvania.
The Constitution of Pennsylvania provides that "All taxes shall be uniform, upon the same class of subjects, within the territorial limits of the authority levying the tax." This provision has been in the Pennsylvania constitution since 1874. It is much more comprehensive than the amendment to be voted on in Illinois, which permits classification only of personal property. For more than 30 years Pennsylvania has taxed intangible values at the rate of 40 cents on each \$100 of full value, and about half of the tax collected is derived from mortgages. The amount of intangible values now assessed in Pennsylvania is somewhat over a billion dollars and invariably each year shows an increase.

Massachusetts for Modern System.
The state of Massachusetts is now bringing about a more modern taxation system. Minnesota has amended the state constitution so as to give the legislature full power over classification and taxation of all kinds of property. In the year 1911 the legislature prescribed a 30-cent tax on each \$100 of intangibles. At that time the total intangible property assessment in the state was less than \$14,000,000. In 1914 the assessment had increased to nearly \$200,000,000, and the number of persons assessed was 1,000 per cent greater than under the old system—showing that the tax is now much more evenly borne. The total tax now collected from intangibles in Minnesota is about twice as much as under the old.

Michigan and Rhode Island.
In Michigan, where Governor Pinckney started the tax reform agitation about 20 years ago, the Constitution was amended in 1906 so as to permit the classification of all kinds of property for taxation. Rhode Island formerly had the Illinois system, but abandoned it as impracticable and adopted a system like that of other advanced states. The Wisconsin Constitution gives the legislature broad powers.

Maryland and Other States.
Maryland began a classification of personal property in 1896. At that time interest-paying bonds, etc., in the city of Baltimore, at a \$2.17 rate, yielded only \$130,000 in revenue. In 1907, with a 47-cent rate, the revenues more than doubled, and in 1915 a 45-cent rate produced nearly a million dollars. November 2, 1915, Maryland voters adopted an amendment giving the legislature still further powers of classification.

Other states have classification systems with low rates for intangible values. At the same time, in almost every state in the Union the movement is for similar reduction of the tax on intangibles.

The pending tax amendment will make it possible for the legislatures of Illinois to provide a modern system. This will prevent Illinois from being outdistanced by other states in proper methods for dealing with intangibles. But, it must not be lost sight of that the amendment requires for its adoption a majority of all the voters voting November 7.

Chicago Daily News: War correspondence, Mexico: Back of the present revolution and anarchy in Mexico is a plain and simple story of tax dodging and tax evasion.

Taxes were on everything, the complaint was that they were unequally assessed and that a favored few did not pay them.

tional News Service has been repeatedly found guilty.

"While we rejoice that our government has indicted proper punishment upon an unscrupulous news agency, we trust that the measures taken will not be regarded by the people as this country as involving any slur upon the character and conscientiousness of the United States press as a whole.

The reputation of the great majority of American journals for fairness and honesty stands above reproach and is, has again and again been vindicated, during the war. We imagine, indeed, that the American press and public will be grateful to the British authorities for having punished wrongdoers and especially for having made public the grounds for the action taken. The dissemination of accurate news is a matter of high importance. We trust our authorities will extend their laudable energy in other directions also and visit with similar punishment any other news agencies or journals which may be convicted on publishing garbled intelligence from this country."

The Chronicle says: "The government has taken a well justified step in depriving the International News Service of all telegraphic and mail facilities. The reason is not that Mr. Hearst's papers are pro-German, but that they have repeatedly published as coming from this country news which did not in fact come from it."

Prominent Wedding

At St. Mary's Cathedral in Sterling Tuesday morning occurred the wedding of Miss Margaret Alice Rourke, a daughter of Mr. and Mrs. William Rourke, to Dr. Henry C. Schmitz, of Marshalltown, Iowa, the son of Mrs. Gertrude Schmitz of Sterling. This wedding closely interests Dixon people as the father of the bride is in business here and the family expect to make Dixon their home shortly. They will live in one of the beautiful new bungalows recently built by J. A. Forrest on Ottawa Avenue. The Sterling Gazette says:

"The popularity of the bride and the prominence of the bridegroom made the nuptials distinctly important and brought forth a church full of friends and relatives from here and away to witness the affair."

At eight o'clock Mrs. M. C. Ward played Lohengrin's wedding march, which signaled the approach of the bridal party. The procession was led by the ushers, Edward and Sim Mee and John Rourke, of Des Moines, Iowa, followed by the matron of honor, Mrs. H. B. Hurd of Evanston, who was handsomely gowned in a white tulle dress with lace and pearl trimmings and wore a hat of pink tulle, trimmed with a pink butterfly and carrying a shower bouquet of white roses, and the maid of honor, Miss Marie Arnould, of Davenport, Iowa, who was distinguishedly gowned in a white satin dress over draped with tulle and lace trimmings, the bodice of her gown being blue satin and a pink butterfly adorned the tulle draping over the shoulders, her hat and bouquet were the same as the matron of honor. Next came the little flower maid, Miss Margaret Alice Frank, a cousin of the bride, who was attired in a white organdie dress adorned with a pink satin sash and was accompanied by William Martin Rourke, the young brother of the bride who was dressed in a white silk suit. Each child carried a fancy basket of pink Sweet-heart rosebuds. They strewed the bride's path with flowers. Then came the bride who entered with her father, who gave her in marriage.

That she would be a beautiful bride was a foregone conclusion, her statuesque young loveliness always ending, itself dazzlingly to pictorial effects. Her gown was an elegant, most white creation of exquisite simplicity. It was fashioned of tulle made full length, overdressed with white tulle and silver trimmings. An artistic draping of silver lace trimmed the bodice, while the tulle of white satin was trimmed with a silver butterfly in the back, with an edging of orange blossom in the front. A Juliet tulle cap framed a face as radiant as the morning and from it fell a long tulle veil to the hem of the garment. Her bouquet was a huge combination of valley lilies and bride roses beribboned with hangings of tulle.

At the improvised altar the bride was met by the groom and the best man, Dr. Judson E. Packard, of Sioux City, Iowa, and the officiating clergyman, Rev. Father A. J. Burns, who celebrated nuptial mass, using the ring ceremony. Following the ceremony Mrs. Ward played softly Mendelssohn and during congratulations the Misses Celeste and Virginia and Master John, the three children of Mr. and Mrs. M. C. Ward sang Ave Maria.

A wedding breakfast with elaborate appointments, was served at the home of the parents. Palms and ferns were used profusely in every room and pink and white roses, decorated the tables.

Dr. Schmitz, who is today taking his bride on a wedding trip in the east, the destination being kept a secret, enjoys the honor of claiming one of the most admired of Sterling's young women. She is a graduate of the Immaculate Conception Academy of Davenport, Iowa, and the charm of her personality and her talent as a musician and entertainer has made her a valuable asset to local social activities.

Dr. Schmitz received his early college education at the State University of Iowa, where he was a member of the Sigma Chi Fraternity. His medical education was completed in the east, where he graduated at Jefferson Medical College of Philadelphia. He spent several years in hospital service in that city as house surgeon of Whitt Eye Hospital and as associate in the Ear, Nose and Throat department of Pennsylvania, and Episcopal hospital.

Mrs. Schmitz' journey gown was a brown travelling suit and her shoes were in harmony with her hat which was a brown velvet in a picture model.

Dr. and Mrs. Schmitz will be at home after Dec. 1, at 5 West Grand street, Marshalltown, Iowa. They will be attended there by the best wishes of a host of friends who regret to see them leave the old neighborhood where their youth has been spent.

ONE THOUSAND DOLLARS PER HOUR.

The present administration has been careful and economical. Gov. Edward F. Dunne to the Democratic state convention, September 27, 1916.

This "careful and economical" administration is costing the taxpayers of Illinois \$1,000 per hour more than any Republican administration in the history of the state.

Do the taxpayers like Dunne and Democratic economy well enough to continue them in office four years more?

NO INDIGESTION, PAIN OR STOMACH MISERY IN FIVE MINUTES

"Pape's Diapiesin" for sour, acid stomach, heartburn, dyspepsia

Time it! In five minutes all stomach distress will go. No indigestion, heart-burn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapiesin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapiesin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapiesin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.

SINGLE G. HIMSELF AGAIN

Indiana Pacer With Geers Up Lives Up to Past Performances.

Lexington, Ky., Oct. 12.—The Indiana pacer Single G driven for the first time by the veteran "Pop" Geers was the hero at the trot, beating the greatest field of fast pacers that ever came together in the special free-for-all pace.

Roam Hal was favorite, selling for \$260 in 495 pools in which Single G brought \$70. Ben Earl, the second choice and unbeaten since July, won the first heat, driving from Braden Direct, Hal Boy, which brought only \$5 in the \$495 pools, saved the day for Single G by beating Ben Earl in a close finish in the second after which Geers sent the Hoosier stallion to the front and won the next two heats. This is the first race won by Single G since he took his record of 2:00 at Kalamazoo early in August, although he has raced every week since.

When Edward F. Dunne started his career as governor of Illinois he denounced Lee O'Neill Browne as a "jackpotter" and crooked politician. He would have nothing to do with the Brownes, the governor said. During the last two years of his term, behold Governor Dunne approving appropriations aggregating \$40,000 in which Browne was interested. No legislator in 1915 received a more cordial greeting from Dunne at the executive mansion than did Browne. Question: Did Governor Dunne ever alter his statements regarding Browne made in 1912 and 1913?

Mrs. Rising of Chicago, accompanied Mr. and Mrs. C. J. Rosbrook and Mrs. Owens out from Chicago Wednesday and will visit for a time here.

Rev. J. T. Donahue, formerly of this city, now of Beloit, came yesterday to visit friends and give an address this evening at the Knights of Columbus entertainment.

Mrs. Elizabeth Waters and little granddaughter, Marion Reid, accompanied her son-in-law, A. T. Scovill of Sterling, in a drive to Lanark today to visit relatives.

SOLDIERS GOT RELIEF FROM SORENESS

Boys on the Border Relieved Their Pains and Aches with Sloan's Liniment

Once upon a time Norman Jones, serving in the National Guard at El Paso, returned to camp after a strenuous 15 mile hike foot-sore and leg-weary. He had not been long in active service and his shoulders, back and limb felt the after-effects of marching.

Remembering Sloan's Liniment, Jones applied it to the sore spots and went to bed. He writes: "I awoke the next morning feeling fine; in fact I had entirely forgotten about the hike and went out for a half-hour drill in the sun as spry as ever."

Private Jones passed the experience along, and many a boy on the border relieved the agony of sprains, strains, bruises, insect bites, cramped muscles, rheumatic twinges, etc., by the use of Sloan's Liniment.

Easily applied without rubbing. At all druggists, 25c, 50c, and \$1.00.

THE STAMP of CHARACTER in clothes for men and young men

Critical customers agree that the refinement with which "High Art Clothes" express the modern fashion trend is one of the outstanding characteristics of these splendid garments.

Style in some clothes fairly screams itself into recognition—but in

HIGH ART CLOTHES

WEST BROOKLYN

George Kessel of Maytown was in West Brooklyn Saturday.

Our merchants say the local pay-up week was a success and that many of their customers settled their accounts, in keeping with the spirit of the undertaking.

P. M. Fassig of South Brooklyn was here Friday on business.

Joseph Chaon Sr. returned Saturday from Rock Island after a week's visit with his son Joe and family. He also visited George and family, who live near there, and reports a splendid visit.

Wm. E. Bauer was here Saturday on business.

Mrs. C. P. Henkel went to Harmon on Friday to spend a few days with her parents and other relatives and friends. On Saturday she spent the day in Sterling.

Supervisor U. Grant Dysart was in town Saturday.

Mrs. Josie Harris of Rockford visited her sisters and brothers here on Thursday and Friday.

Charles Mackin of Viola township was here Friday.

Mr. and Mrs. Henry Hildman, Mrs. Kate Fessler, Mrs. H. N. Knauer, D. O. Fairchild and Wm. Wigum motored to the home-coming at Rochelle Friday.

Charles Gentry was here Friday on business.

Moving has been the order of the day here of late and unless our readers are kept in touch with changes made they might find themselves in the wrong home some day. Henry W. Gehant vacated the dwelling occupied by him for the past couple of years on North Fourth street and now lives in the new home on South First St.

Amel Vincent moved to the house vacated by Alexander Henry and F. J. Gallmuth is moving into the house which has been occupied by Mr. Vincent.

Supervisor Kyle C. Miller was here Friday from Lee Center.

John Chaon of Ashton was here on Thursday.

E. N. Swope of Compton was down Friday on business.

Paul Halbmaier and wife visited in Mendota Saturday.

George Gehant was here Friday on business.

August Pfeiffer of Ashton was on our streets Thursday.

John Untz Sr. was in town Friday on business.

Mrs. Mary S. Johnson and daughter Ruby, and O. P. Johnson started for California Friday to spend the winter. They will locate at Pasadena, where they spent the winter two years ago and where the daughter, Mrs. Hattie Haskell resides. We trust they will find delightful weather and when they return next spring they can say they spent the best winter enjoyed yet. They leave Chicago Sunday night over the Santa Fe and will reach Pasadena Thursday morning. During their absence Mr. and Mrs. Edwin Johnson will occupy the home here.

A. B. McCrea was here Friday on business.

Mr. and Mrs. A. M. Bieschke are in Dixon visiting with Joe Bieschke and family for a week. Last Sunday the Bieschke families from here were visiting with Mr. and Mrs. Joe Bieschke at Dixon.

E. B. Conibear of Lee Center township was here Thursday.

Modest Vincent and a number of the neighbors have been hauling tile from the local yards this week and will do an extensive job of tiling on his father's farm this fall. The tile is over 1000 George Zinke, Edward Barthe larger sizes, 10, 8, 7 and 6 inches, and another man who were com-

as Mr. Vincent believes in having plenty of room for the water to drain away as long as the work is to be done. A tiling machine is doing the excavating and the contractors do their own surveying so a first class job is guaranteed.

Jos. E. Vincent was here Friday on business.

A. F. Lyman of Scarborough was here Friday on business.

Mathew Maier of Viola township was in town Friday.

F. L. Oester received a carload of flour for his ware rooms this week.

F. W. Meyer has purchased a carload of potatoes which he expects to arrive within a week. They will sell here for about \$1.40 a bushel, which is still a good price but much less than we have been paying for the past month or two. They are from the Red River Valley in Minnesota.

Edward Henry Sr. and F. W. Meyer went to Rochelle on Democratic day and heard Congressman Eliza Williams and other notables of the party deliver some excellent addresses on the campaign. One thing is certain, "The record of Wilson and democracy for the past four years is a powerful plea for the verdict of mankind and for a favorable verdict from the American people at the polls in November."

Rev. M. B. Krug is home after spending two weeks vacation in other climes.

Wm. H. Glaser was here Friday on business.

The orchestra consisting of students of Frank Barr held their usual rehearsal in the opera house on Friday evening.

LOWDEN AS FARMER

Studies Development of Short-horn Cattle—Wins Success.

Republican Candidate for Governor Starts Right by Buying Finest Sires—Maintains Soil Fertility.

Few farmers anywhere have done more to advance the grade of popular and dependable cattle than has Frank O. Lowden, if impartial authorities can be trusted. Mr. Lowden, who is candidate for governor on the Republican ticket, has been improving the class of his Shorthorns at Sinnissippi farm for 15 years. His 5,000 acres in Ogle county along the Rock river is a natural home for live stock and Mr. Lowden soon after he acquired the property concluded that he would raise cattle not only to improve the grade of the animal but to maintain at the same time the fertility of the soil. His conclusion was—and time has demonstrated it to be true—that good farming is inseparable from the growing of live stock. This theory of putting back into the soil more than you remove is one of Mr. Lowden's primary axioms in the conduct of his Ogle county place.

Buys Fine Sire.

Having studied animal breeding, Farmer Lowden came to another conclusion—that is, the selection of a high-grade sire is all-important if one is to maintain a herd at top notch. Therefore, in the live stock world a sensation came with the purchase by Mr. Lowden in 1904 from F. W. Harding of Cermonious Archer for \$5,000. A herd of top-notchers resulted from this move and proved Lowden's judgment as a farmer good.

Later, another fancy bull being needed, Mr. Lowden bought Cumberland's Last of C. A. Saunders. Again the Lowden judgment was vindicated, for in 1915 among the largest number of contenders for blue ribbon honors at live stock shows were descendants of Cumberland's Last. Carefully supervising his Shorthorn herd, Mr. Lowden saw it grow in numbers and class until in 1906 he decided it was time to have his first auction sale. A dozen states sent buyers and 5,000 people visited Sinnissippi farm.

Nets Large Sums at Sales.

Forty-one head of Shorthorns were sold for \$17,500, an average of \$427 a head. A year later, due to the fact that congressional duties made it impossible for Mr. Lowden to give the farm the attention he desired, and his herd was rapidly augmenting, he decided on another sale. Sixty-one animals were brought into the ring and sold for an average of \$630, the grand total receipts being \$38,635, a high record of that period. The bull Cumberland's Last was bid in for \$3,000; Lavinia II, a cow, \$2,000; Clara Belle, \$1,565, and several others at prices around \$1,000 each.

Speaking of Colonel Lowden's work as a developer of better grade cattle, George E. Martin in the Breeder's Gazette has this to say: "The Shorthorn is a better Shorthorn because of the work he did on his big Sinnissippi farm near Oregon, Ill. Mr. Lowden has gone to the bottom of things in breeding and in studying the needs of the soil. Few lifetime farmers have made a more thorough study of soils, of plant and animal life than has Mr. Lowden. Few have delved deeper into these principles than the founder and owner of Sinnissippi who, in building up the fertility of his 5,000 acres, has caused it to produce the maximum in crop yields and made it an example to the farmers of the state."

DUNNE PERMITS WASTE OF THE PEOPLE'S CASH

Allows Unprecedented Appropriations for Purpose of Private Relief and Deficiencies.

Under the lax rule of Governor Dunne, not only departmental appropriations and the state tax rate shot skyward, but "private relief" and deficiency appropriations reached unprecedented proportions. The policy of "Let the boys have it" seemed to inspire many citizens of the state with the idea that for almost any claim or suit, failure to obtain a decision in the proper court made it imperative for them to go to Springfield and make the state pay. It was a case of pay, pay, under Dunne.

This refers especially to "private relief" bills. On the score of deficiency appropriations, under Governor Dunne a record also was established. His department heads expended not only the moneys allotted to them but, by waste and extravagance, ran riot in going beyond their allowances and rushing to the legislature to "help them out" with deficiency appropriations.

Last Deneen First Second Legislature, Dunne, Dunne, 1911, 1913, 1915. Private relief, \$15,000 \$35,000 \$145,000 Deficiencies, \$133,000 \$285,000 \$400,000 The deficiencies of the two biennial Dunne legislatures reached \$686,000 and the private relief appropriations amounted to \$183,000, or \$869,000 for both.

Recall Governor Dunne's words in his speech to the Democratic state convention at Springfield: "The present administration has been careful and economical," and then look at the facts.

ITALIANS WIN ON TEN-MILE FRONT

Line from Goritz to Sea Toward Trieste Advanced.

6,400 PRISONERS ARE TAKEN

Vienna Admits Attack, but Declares it Repulsed—Allies Take 2,600 Prisoners in Orient—Furious Bombardment on Somme Renewed—French Take 1,700 Germans.

Rome, Oct. 12.—Italian troops are again engaged in a drive against Trieste. After a violent artillery preparation continuing several days, the Italian infantry attacked along a front of ten miles from a point southeast of Goritz to the sea. They captured several Austrian positions and took 6,400 prisoners.

Vienna Confirms Attack.

Vienna, Oct. 12.—After eight days of continuous bombardment the Italians have launched another offensive against the Austro-Hungarians in an effort to drive through to Trieste. The official report of October 10 says that all attacks were repulsed.

French Cut Off Germans.

Berlin, Oct. 12.—German troops in a salient projecting toward the Town of Verdunville, on the battle front south of the River Somme, have been cut off by the French forces. It was stated in the official statement.

French Take 1,702 Prisoners.

Paris, Oct. 12.—The midnight official statement says that there was a lively bombardment by both sides along the entire front between Morval and Chaunies, in the region of the Somme. The Germans launched two violent attacks against French new positions in the Chaunies wood which were broken down after lively hand-to-hand fighting. Attacks by the Germans with hand grenades in the outskirts of the St. Pierre Vaast woods likewise were repulsed. The total number of prisoners taken in the operations Tuesday south of the Somme is 1,702 including two battalion commanders and 55 other officers.

Allies Demand Greece's Fleet.

London, Oct. 12.—Vice Admiral Dargie Du Fournet, commander of the Anglo-French fleet in the Mediterranean, has presented an ultimatum to Greece, demanding that Greece hand over the entire Greek fleet, except the armored cruiser Averoff and the battleships Lemnos and Kilkis, to the entente allies by 1 o'clock next Wednesday afternoon, according to Reuters' Athens correspondent. Demand also is made for the control of the Piraeus-Larissa railway.

Allies Take 2,616 in Orient.

Paris, Oct. 12.—The allied armies, operating in the Orient, have taken 2,616 prisoners in recent operations.

ADVISORY BODY FOR NATIONAL DEFENSE

President Names Samuel Gompers on New Board.

On Board the President's Train Harrisburg, Oct. 12.—President Wilson announced after leaving Shadow Lawn for Indianapolis the appointment of an advisory commission to be associated with the council of national defense.

The members of the new body are Daniel Willard of Baltimore; Samuel Gompers of Washington; Dr. Franklin N. Martin of Chicago; Howard E. Coffin, Detroit; Bernard Baruch, New York; City; Dr. Hollis Godfrey, Philadelphia, and Julius Rosenwald of Chicago.

A provision creating the council of national defense was included in the army appropriation bill passed recently by congress.

Wire Tapping Case Fails. Gary, Ind., Oct. 12.—The wire tapping cases here were dismissed. The police found that George Brinkman, of Chicago, was arrested by mistake and hence they were unable to hold J. C. Colton, address unknown, as conspirator.

Wilson Diver Stand Puzzles Britons. London, Oct. 12.—President Wilson's reply to the allied memorandum regarding the status of submarines, published here, is attracting wide attention. To the greater part of the British public the American note comes as a surprise.

Woman Slayer of Priest Acquitted. St. Paul, Oct. 12.—Mrs. Amelia Dudek, free, returned to her babies after killing Rev. Henry Jakeski, Roman Catholic priest, who she alleges had wronged her. She shot the priest as he was hearing confessions March 4. A jury found her not guilty.

Allied Flyers Shell Stuttgart. London, Oct. 12.—Allied aviators dropped bombs on Stuttgart Tuesday evening, according to a Reuters' dispatch from Amsterdam. The dispatch says that neither persons nor buildings were hit.

THIS IS CERTAIN

THE PROOF THAT DIXON READERS CANNOT DENY

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

C. J. Kirkham, 522 Peoria Ave., Dixon, says: "I suffered from pains across my back for a long time. I didn't think the trouble was caused by disordered kidneys, but when a friend recommended Doan's Pills, I got a box at Leake Bros. Drug store. They completely rid me of the backache and all other symptoms of kidney complaint."

OVER THREE YEARS LATER, Mr. Kirkham said: "Doan's Kidney Pills cured me of kidney disease and the cure has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kirkham has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

MANY HOMELESS AND RUINED

Hurricane in West Indies Kills Six and Causes \$1,000,000 Loss.

St. Thomas, D. W. I., Oct. 12.—A hurricane that swept over the islands on Monday night and Tuesday morning caused the worst disaster in their history. Six persons are reported killed, thousands are homeless and ruined, and the damage is estimated at \$1,000,000.

The storm began Monday night, subsided for five hours, then burst forth with increased force Tuesday, raging for hours. Almost every building in St. Thomas was damaged. The Hamburg-American liners Calabria and Wasgenwald, interned, and the Danish dredge St. Hilda were blown ashore. The Calabria probably is a total loss. The Danish ships Anholt and Thor were wrecked and the electric coal cranes of the West Indian company were smashed.

N WAR TO A FINISH, DECLARES ASQUITH

Commons Is Asked for Another Huge Credit.

London, Oct. 12.—Premier Asquith received a tremendous ovation in the house of commons when he declared in the midst of a speech in which he moved war credits:

"This war cannot end in a patched-up, precarious, dishonoring compromise masquerading under the name of peace.

"This isn't the moment for faint hearts and wavering counsels," added the prime minister when the galleries were silent. "The allies are not vindictive, but they will require from their enemies adequate reparation for the past and security for the future."

The premier's declarations on the subject of peace came toward the conclusion of an address in which he asked new credits of \$1,500,000,000 from the commons, bringing the total for the war up to approximately \$15,660,000,000.

He followed this request with a brief statement on the military situation, pointing out that in the recent operations on the Somme front General Haig's men have advanced their lines seven miles on a nine-mile front and hold all the conquered positions.

HERE'S ONE POINT ON WHICH WILSON WINS

Friday, 13th Selected by Both Parties to Open Campaign.

Springfield, Ill., Oct. 12.—The state campaigns of both the Republican and Democratic parties will reach Springfield on the same day—next Friday, the 13th.

A Democratic rally is being planned for Friday afternoon at 2 o'clock. At night the special train carrying Frank O. Lowden, Republican candidate for governor, and other Republican candidates for state offices will arrive here for a big meeting.

Arthur W. Charles of Carmi, chairman of the Democratic state central committee, Roger C. Sullivan of Chicago, former national committeemen, and other prominent Democrats will lead the Friday afternoon rally.

An old-time red-light parade will greet the Republican special when it arrives here early Friday evening.

CATCHER RAY SCHALK TO WED

Receiver of White Sox Will Marry

Giri in Neighboring Home Town.

Springfield, Ill., Oct. 12.—Ray Schalk, catcher for White Sox, is to wed Miss Lavinia Graham of Farmersville, Ill., later in the fall, it is announced.

Schalk is the son of Mr. and Mrs. Herman Schalk of Litchfield, Ill., and the bride-to-be is the daughter of Mr. and Mrs. Thomas Graham. The girl is an ardent follower of baseball and it is hinted it was at her suggestion that Ray tried for a big league berth.

FIREPLACE GRATES AND ANDIRONS

What is more pleasant these chilly evenings than a bright fire in a fireplace?

There need be no fear that wood fire on andirons cannot be regulated for if it is done like the Old Timers did it, it will work excellently.

Should you wish to burn coal, we also have coal grates. And if you wish to burn coal and still retain the pleasing effect andirons give, the coal grate can be placed across the latter.

Come in and see the different styles.
